The British Hedgehog Preservation Society (BHPS) is dedicated to helping & protecting hedgehogs native to the UK (*Erinaceus europaeus*)

We do this through:

-  **Education** – ensuring future generations have the inspiration and knowledge to safeguard the future of this much-loved species.
-  **Advocacy** - raising awareness of the practical steps we can all take to help reverse the decline of hedgehogs in the wild.
-  **Research** - providing important new insights into the world of hedgehogs, helping guide our conservation work.
-  **First Aid** - offering advice for those who have found a hedgehog in need of help and maintaining a directory of independent hedgehog rescue centres across the UK.

Visit www.britishhedgehogs.org.uk for more information or call us on **01584 890 801** if you spot a hedgehog you're concerned about.
